DATA FINDING GUIDE – LISTINGS BY SUBJECT, AREA AND PAGE NUMBER

This table lists subjects covered in this report, but does not include all cross classifications. In this table, city and town data is indicated by a † next to the page number, Standard Metropolitan Statistical Area data indicated by a * , Indiana data indicated by a * , and United States data indicated by a ‡ . Since most of the FACT BOOK data is listed by county, in this table, county data has no special indication by the page number.

16. Abstracts

The INDIANA FACT BOOK is a summary of statistics on the social, political, and economic organization of Indiana and includes data from many statistical publications, both government and private. Data is presented relating to: commerce, education, employment, energy, environment, housing, income, Indiana maps, population, public assistance, public finance, public health, public safety, and transportation. Except as otherwise indicated, data is for Indiana. Although emphasis is given to county data, many tables present data for Standard Metropolital Statistical Areas, cities and towns, the entire state, and the United States.

17. Key Words and Document Analysis. 17a. Descriptors

The INDIANA FACT BOOK 1979 is designed to serve as a convenient volume for statistical reference and as a guide to other publications and sources. Publications cited as sources usually contain additional statistical detail and more comprehensive discussions of definitions and concepts than can be presented here. Please consult the source publications available in local libraries or contact the indicated source; contact State Planning only if it is cited as the source. The State Planning Services Agency cannot accept responsibility for the accuracy or limitations of the data presented here, other than those for which it is cited as the source. Statistics in the FACT BOOK are for the most recent year or period available by mid-October 1979. Source notes list: the author, the title, the location from which the publication is available, and the date of publication.

OFFICE OF THE GOVERNOR

INDIANAPOLIS, INDIANA 46204

OTIS R. BOWEN, M. D.
GOVERNOR

Citizens of Indiana:

The 1979 Indiana Fact Book is a compendium of over 60,000 statistics describing the social, political and economic scene in Indiana and providing a factual protrait of Indiana's citizens. Its publication stems from a widespread need for accurate, concise, and comprehensive data from both the public and private sectors of the state.

This document was designed as convenient reference for any researcher. In a non-interpretive manner, it brings together statistical data of general interest and informs the reader of sources where additional detail may be found.

The publication of this volume represents the results of a complete review of the subject matter shown in earlier editions. The 1979 Indiana Fact Book contains not only expanded subject areas covered in previous editions, but also introduces a number of new categories of specialized interest, providing a multiplicity of data and sources.

As statistics have become an indispensable adjunct to analysis, it is hoped that this document proves to be a meaningful resources tool.

Kindest personal regards,

Otis R. Bowen, M.D.
Governor

NOTE:

[1] 1960 and 1970 income data by industry does not add up to total nonfarm income due to incomplete compilation of data for those years.

[2] Data not available.

[3] Wholesale and retail trade were reported together until 1973.

[4] Personal income is the current income received from all sources measured before deduction of income and other personal taxes, but after deduction of personal contributions for social security, government retirement, and other social insurance programs.

NOTE: [1] Post-1974 labor force data are not strictly comparable with those of past years, due to frequent changes in the concepts and techniques used in total labor force employment and unemployment estimates.

[2] Establishment employment is nonagricultural employment, which does not include domestic workers, the self-employed, unpaid family workers (all other nonagricultural) and agricultural workers.

NOTE:

[1] Total employment for each industry includes private wage and salary, government, self-employed, and unpaid family workers. Persons with more than one job are counted only once in the industry where they worked the greatest number of hours. Persons who are on leave without pay are counted as employed.

[2] Government workers involved in activities unique to government are classified in the public administration industry. Government workers in agencies engaged in activities also carried on by private enterprises, such as education and medical services and construction, are classified in their appropriate industry category.

NOTE:

(D) means that data was withheld to avoid disclosing operations of individual companies.

(V) Statistics for some counties have been withheld to permit further verification of data. Data for all counties will be shown in the final publication (due in 1980), if the 56 figures do not disclose operations of individual companies. In this table, data for these counties is included under all other counties.

NOTES:

1 The ten major R & D supporting agencies included in this table represent more than 95 percent of total Federal R & D activities in fiscal year 1976.

2 Federal intramural activities cover costs associated with the administration of the entire R & D program by Federal personnel, as well as actual federal in-house performance.

3 "FFRDC" refers to federally funded research and development centers.

TABLE 63 COAL, CRUDE OIL, AND NATURAL GAS RESERVES AND CAPACITY IN INDIANA FOR SELECTED YEARS

Coal (1976)

Demonstrated Reserve Base: Bituminous-Underground 8,939,800,000 tons
Surface 1,774,500,000 tons
Total 10,714,300,000 tons

Number of Active Mines: Underground — 2
Surface — 62

Production: Total — 25,369,000 short tons
Shipped by rail or water — 19,263,000 short tons
Shipped by truck — 6,006,000 short tons
Utilized by mine-mouth generating plants — 2,000 short tons

Average Value per Ton: $12.34
Average Delivered Price Per Ton: $17.36
Average Number of Men Working Daily: Total — 3,769 Surface — 3,631 Underground — 138
Average Tons Mined per Man per Hour: Total — 3.26 Surface — 3.32 Underground — 1.67
Usage by Destination: Total — 45,837,000 short tons
Electric Utilities — 29,239,000 short tons
Coke and Gas Plants — 12,450,000 short tons
Retail Dealers — 363,000 short tons
All Others — 3,785,000 short tons
Average Sulfur Content of Indiana Coal by Weight: 2.60%

Crude Oil (1978)

Estimated Proved Reserves: As of 12/31/77 — 25,783,000 barrels
As of 12/31/78 — 26,515,000 barrels

Petroleum Refineries (1978): Number — 10

Refinery Throughput System Capacity : 655,500 barrels per day

Gasoline Output Capacity: Operating — 231,300 barrels per day
Shutdown — 69,600 barrels per day
Total — 300,900 barrels per day

Storage Capacity of Refineries: Crude Oil — 2,668,000 barrels
Motor Gasoline — 6,674,000 barrels
Jet Fuel — 713,000 barrels
Middle Distillates — 6,168,000 barrels
Residual Fuel Oil — 2,743,000 barrels
Total — 18,966,000 barrels

Natural Gas

Estimated Recoverable Reserves: As of 12/31/77 — 53,249,000,000 cubic feet
Production during 1978 — 173,000,000 cubic feet
As of 12/31/78 — 56,710,000,000 cubic feet
In underground storage — 55,629,000,000 cubic feet

Producing Gas Wells: As of 12/31/73 — 106
As of 12/31/74 — 474
As of 12/31/75 — 478

NOTES:

1 Classes based on 1978 ICC requirements using operating revenue figures from 1977 for the individual railraods. Class I is any railroad with $50 million or more operating revenue. Class II is any railroad with less than $50 million operating revenue. Class V is an electric railroad.

2 These railroads are subsidiaries of the railroad they are listed under, with their mileages reported together.

3 Federal-State 80%—20% subsidy.

4 Segments of these lines are subsidized by the shippers who use their services.

NOTE: 1 These are unadjusted levied taxes and rates which don't reflect the taxes paid by the property owners. Roughly 80% of this property tax levy is paid directly by the property owner, while the remaining roughly twenty percent of the tax levy is paid to the County Treasurer by the State of Indiana from funds collected through the retail sales tax.
